

NOTTAWASAGA VALLEY CONSERVATION AUTHORITY

DATABASE PROGRAMMING ASSISTANT – 4 mth. Contract

We are seeking a dynamic individual to join our GIS/IT team and assist with the development of NVCA databases and the customization of user friendly GUIs for database front ends.

Typically, the incumbent has a diploma in Database Applications or computer programming/systems/networking. Geomatics studies would be an asset. You will have a thorough understanding of database design concepts and SQL Server and Access 2007, and working knowledge of SQL and VBA (Access) programming languages. An understanding of ArcGIS software is an asset.

You have excellent communication skills and the ability to work both independently and in a team. You must have a valid driver's licence.

This is a 4 month contract at \$18.00 per hour.

This is a challenging position in an excellent working environment. The Nottawasaga Valley Conservation Authority's watershed is one of the fastest growing in Ontario and we are committed to providing a high quality of service to our clients.

We invite you to review a detailed job description on our website at www.nvca.on.ca. Please e-mail your resume to srichards@nvca.on.ca, Human Resources. Your application must be received by noon on March 23, 2010.

We thank all applicants for their interest, however, only those candidates under consideration will be contacted

NVCA, John Hix Conservation Administration Centre, Tiffin Conservation Area, 8195 8th Line,
