

WATERSHED SCIENCE TECHNICIAN – ~9 MONTH CONTRACT

The Nottawasaga Valley Conservation Authority (NVCA) is a public agency dedicated to innovative watershed management supporting a healthy environment, communities and lifestyles. Located near Barrie, Ontario, the area offers affordable living, nature at your doorstep, easy access to the North and GTA, and many opportunities for cultural experiences. Our jurisdiction includes 18 municipalities in the Counties of Simcoe, Dufferin and Grey. Our watershed includes significant landform features, such as the Minesing Wetlands, the Niagara Escarpment, and the Oak Ridges Moraine.

The NVCA is currently seeking a dynamic individual to work in our Watershed Science department for an approximate nine-month contract, until the end of the year. This position is responsible for assisting with the collection, organization, analysis, and reporting of field monitoring data for the Authority's watershed science program.

Ideally, the incumbent has a diploma in Environmental or Earth Science related program, one to three years demonstrated experience. The successful candidate will also have excellent communication and computer skills and the ability to work both independently and in a team.

This is an approximate 9 month contract full-time position. Salary is \$18.00 to \$21.50 per hour, commensurate with experience.

We invite you to review a detailed job description on our website at nvca.on.ca. Please e-mail your resume to careers@nvca.on.ca. Your application must be received by 2:00 p.m. on March 23, 2023.

We thank all applicants for their interest, however, only those candidates under consideration will be contacted. We will accommodate the needs of applicants in accordance with the Ontario Human Rights Code and the Accessibility for Ontarians with Disabilities Act (AODA) throughout all stages of the recruitment and selection process. Please advise us to ensure your accessibility needs are accommodated throughout this process.
