Our Facilities

The Tiffin Centre is made up of more than 300 acres of conservation lands including wetlands, forest, meadows and ponds, connected by a series of groomed trails. The hub of the Environmental Education program is the beautiful John L. Jose Environmental Learning Centre.

Additionally, the Tiffin Centre features a number of other facilities to help make your visit fun and educational, including an outdoor classroom, picnic pavilion, operating maple sugar bush and low ropes challenge course. We also have equipment available for groups to participate in show-shoeing, kick-sledding and GPS geocaching.

All of our facilities, and most of our trails and programs, are accessible to children of all physical and developmental abilities, and all-terrain wheelchairs are available for use.
